**What are some of the challenges?**

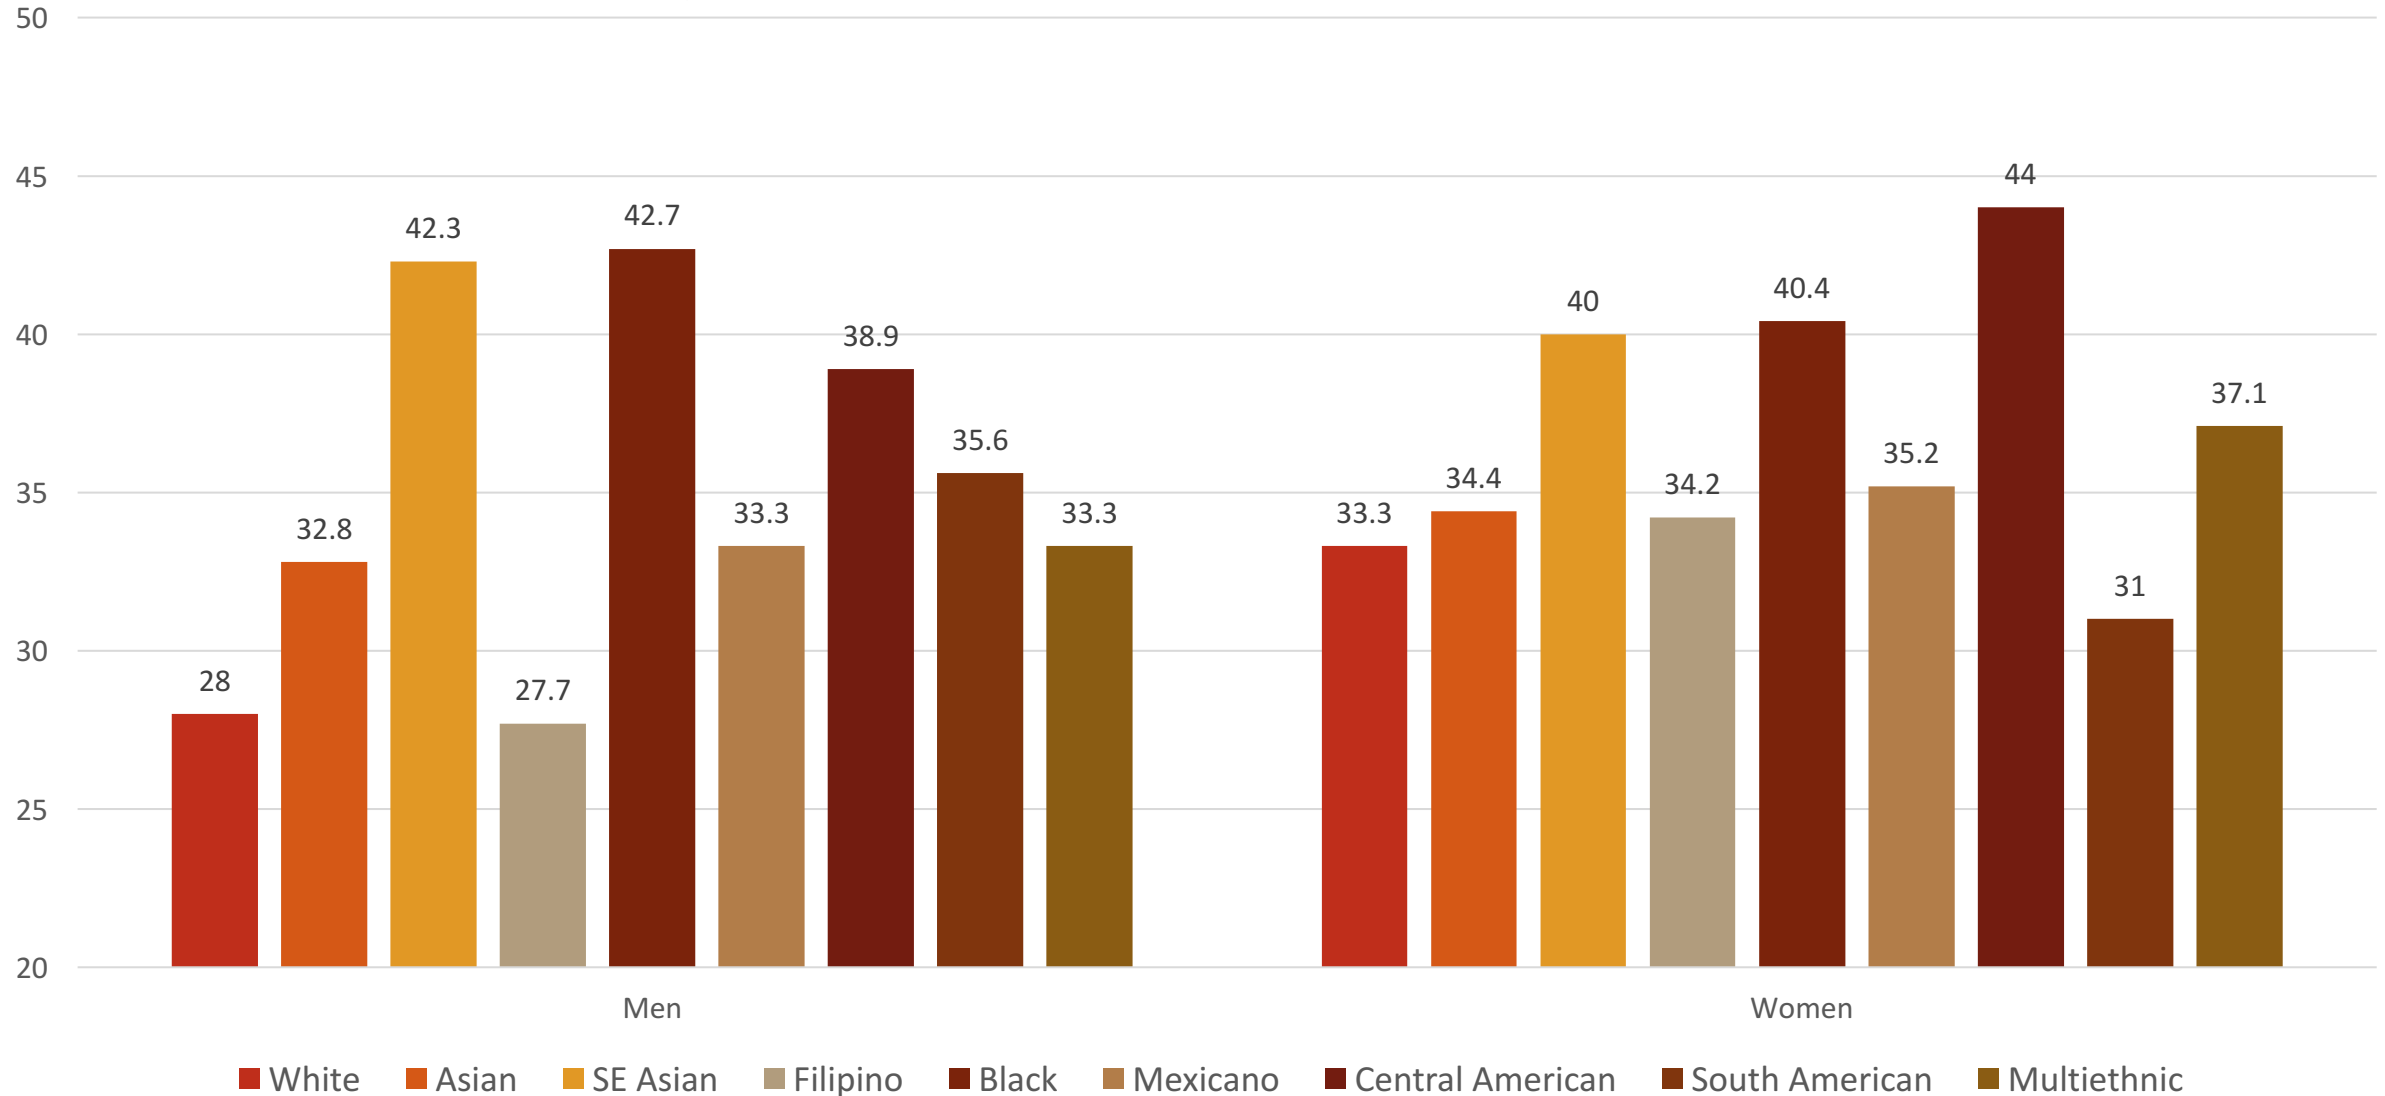

# Hostile Campus Racial Climates

- Rise in Hate in the Era of Trump
  - Faculty members showing up to graduation with “Make America Great Again” hats.
  - Hate propaganda (fliers, posters, speech).

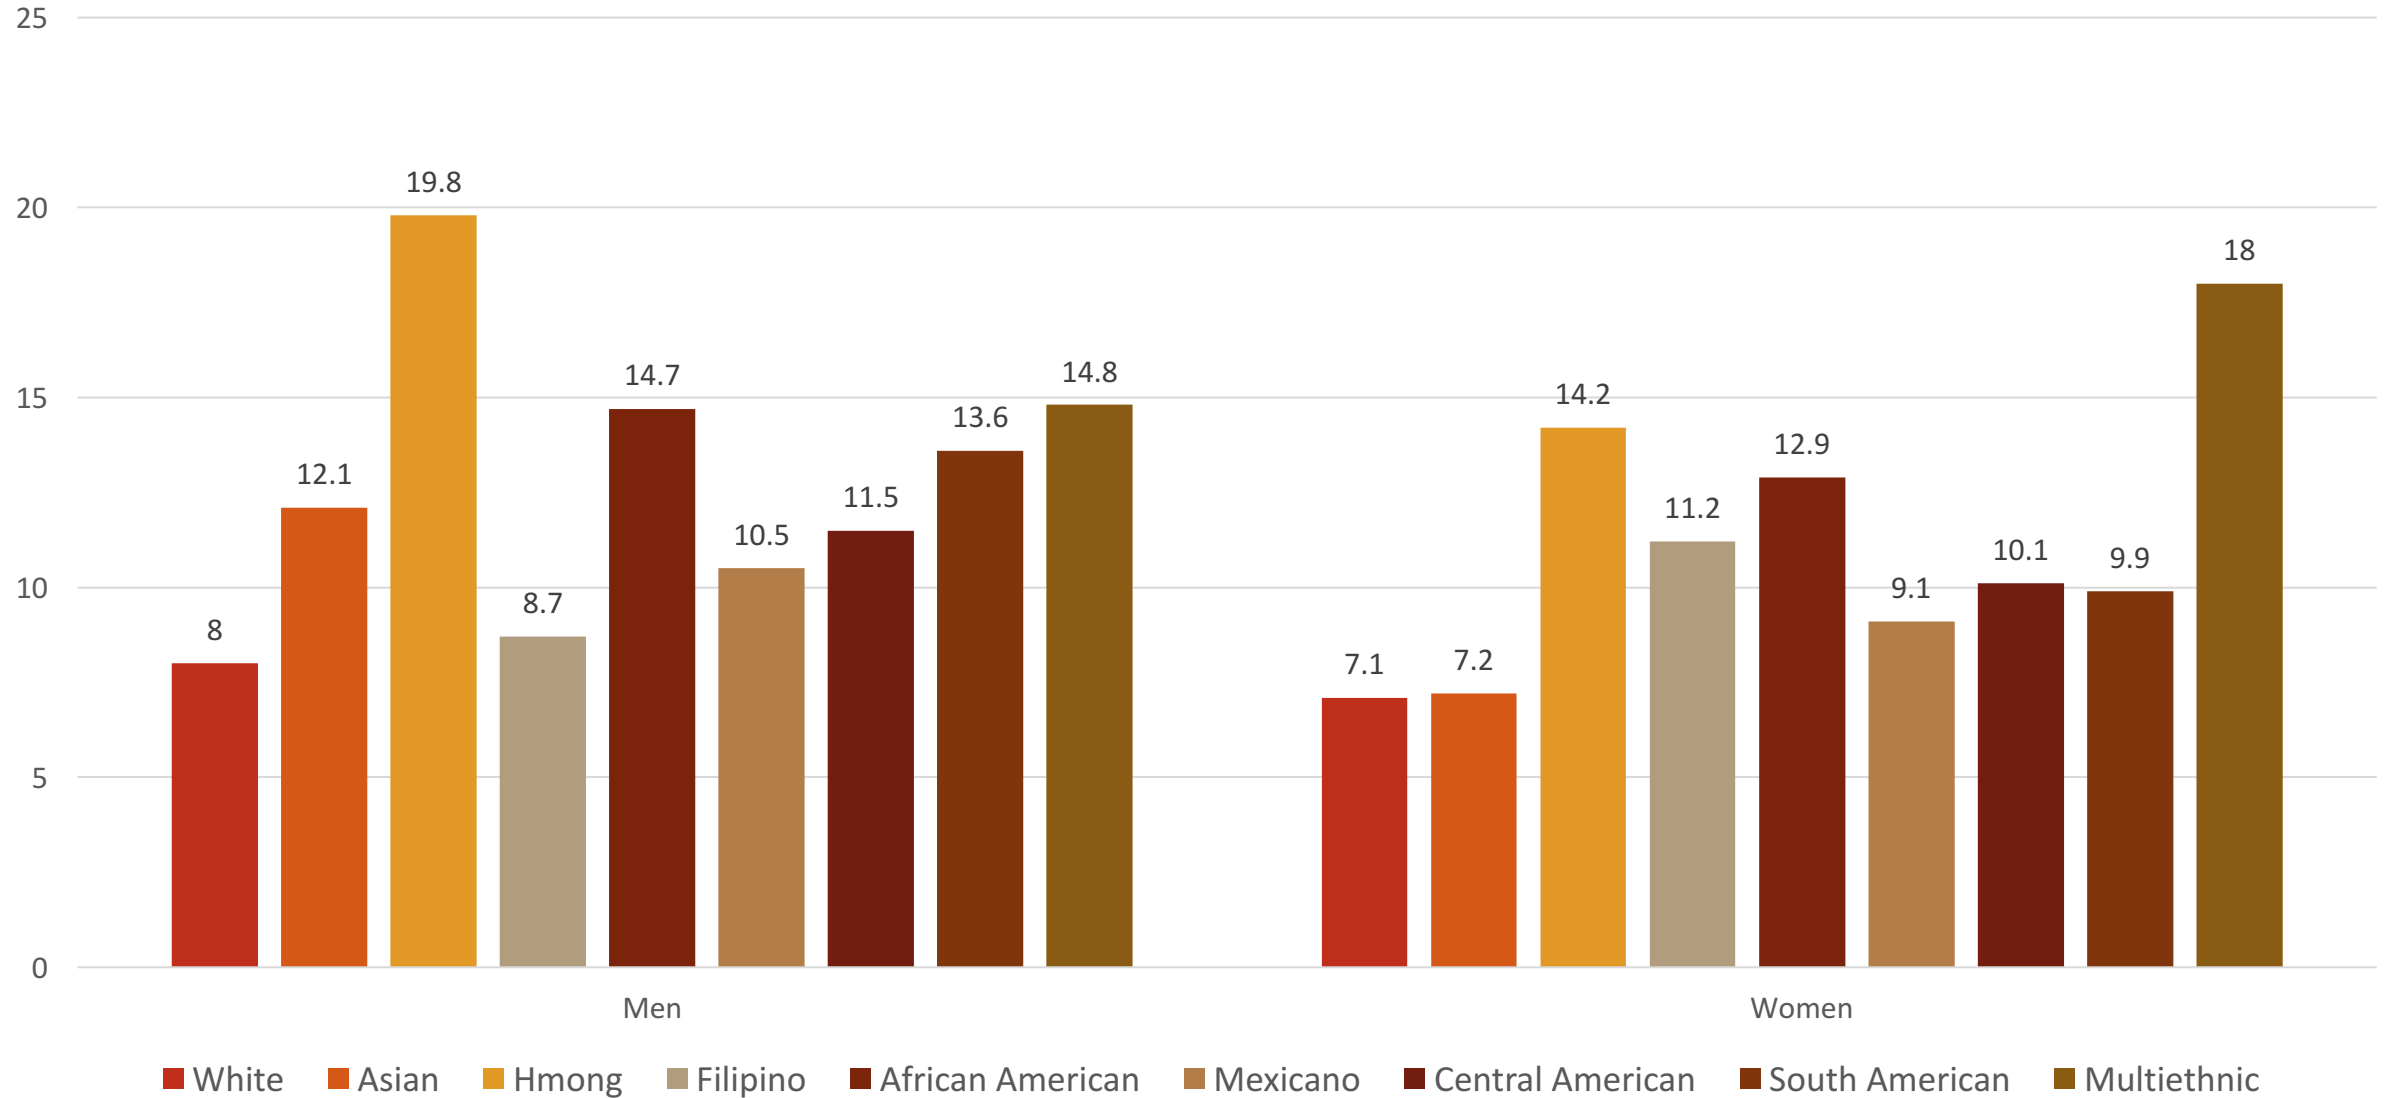

# Housing Insecurities

# Culturally Relevant Teaching

**Connecting the curriculum to the lives and cultures of students (empowering)  
(countering)**

- Address bias and stereotypes
- Recognize intellectual contributions of diverse people.
- Connect rigorous course content to themes that are relevant to the lives, issues, and experiences of students.
- Employ content that expresses differing viewpoints on the same topic.

# Validating Messages

**Messages of encouragement that affirm students abilities and effort.**

Practices that validate students in tangible and task specific ways:

- Work ethic
- Resilience
- Intelligence
- Engagement

*“you have the ability to do the work”*

*“you will succeed in college”*

*“keep working hard, you got this”*

*“I believe in you”*

# Intrusive Relationships and Teaching

**Being intrusive in building relationships and providing support**

*Directly targets concerns around help-seeking*

- Facilitate connections with colleagues for support services and resources
- Proactively provide academic support and guidance for students who are underperforming
- Require the use of supplemental academic supports
- Require conferencing, one-on-one or in small groups

# What Derails Equity?

- A culture of compliance
- A culture of complacency
- Deficit perspectives
- A lack of data transparency
- Instability
- Misappropriation and a lack of intentionality
- Poor conceptualization of equity
- Marginalization
- Siloing
- A lack of institutional buy-in
- Exceptionalism
- Toxic resistance
- Toxic support

# What Derails Equity?

**COMPLACENCY:** “Why do we have to do this? Nothing’s going to change. The problem is so much bigger than me/us.”

**DEFICIT PERSPECTIVES:** “Now they want us to hire diverse faculty. I mean, I’m not against that or anything – I’m just want to make sure that we maintain quality.”

**INSTABILITY:** “We had an amazing Dean of Education who was an equity champion, but she left to be provost at another college.”

**POOR CONCEPTUALIZATION:** “Let’s be honest, equity really means lowering standards and rigor.”

**SIOLING:** “Oh no, the equity plan is due soon! Let’s have the assistant dean and [one other person] write it.”

**EXCEPTIONALISM:** “We aren’t like the other colleges in the State. We have the highest rate of students continuing into high quality graduate programs.”

A black and white photograph of Peter Drucker, an older man with thinning hair, wearing a suit and tie. He is seated in front of a large bookshelf filled with books. He is looking directly at the camera with a slight smile. His hands are clasped in front of him, holding a pair of glasses. The text "Culture eats **strategy** for breakfast." is overlaid on the image in a white serif font, with the word "strategy" in a bold yellow sans-serif font.
